

Dirty Laundry Quilting Block: Boxers

Version 1.0 (8/13/2017)

Pattern by Amy Albin (strangequilting.blogspot.com)

Thank you so much for choosing to make a block in my “Dirty Laundry” series. These blocks are free for you to use any way that you want too. Feel free to use these patterns to make anything you can think of and in any manner that you want, but please do not sell the pattern itself since I am giving them away for free. I encourage you to have fun and embellish these blocks however you want, but may I suggest buttons, bows and ruffles! I may have suggestions for different versions, but please do not feel constrained by those suggestions! Experiment and have fun! If you have any suggestions to make the pattern better or would like to share what you have made with these blocks, feel free to email me (oddetsy@gmail.com) or leave a comment on my blog (strangequilting.blogspot.com). I would love to share your creations!

Note: This is a single block in a series of patterns I have been developing. I am sure they aren't perfect. If you feel you can improve them, please let me know!

Note 2: All of my blocks in this series can be lined up in a row to make a clothes line effect. Some I develop in the future may be longer than this block. I will note this in the directions.

This first pattern is for sheer women's thong. I suggest picking colors for the thong bits that give the illusion that the larger triangular area is sheer, with the thong strings showing through, like a lace pattern with a solid color for the waistband/thong bits. Bows can be used as embellishments.

The block as it is should be a finished 12 inch block. There are ¼ inch seams. There are 6 total colors in this block.

Construction:

This is a paper piecing block. The pieces are constructed and then sewn together. Each piece is labeled A through J. Construction goes as follows:

Make (A+B+C+D) +E on respective sides = Undies

Make F. Join to Undies

Make G. Join to Undies.

Join H to Undies.

Make (I+J). Join to Undies.
